Must submit documentation to support minimum requirements for relevant experience projects (Reference section L.5.3)

- To be eligible for award, the Offeror must pass the minimum requirements in Section L.5.3.1.
- Relevant Experience is divided into **two separate categories**, *Primary Projects* and *Secondary Projects*:
 1. The *Primary category* of relevant experience is tied solely to projects submitted under Section L.5.3.1. The criteria in Sections L.5.3.1. through L.5.3.2.8. apply to the same projects submitted under Section L.5.3.1.
 2. The *Secondary category* of relevant experience applies to scoring criteria associated with Mission Spaces and Multiple Award Contracting. These projects can be based on any set of projects the Offeror chooses to submit in accordance with Section L.5.3.3. The criteria in Sections L.5.3.3. through L.5.3.3.2. apply to the second category.
- Reference section L.5.3.1. Pass/Fail Requirements for Relevant Experience (Primary) Projects
 - One (1) out of the required relevant experience primary projects may, at the discretion of the Offeror, be a collection of task orders placed under a Single-Award IDIQ task order contract or Single-Award BPA.

Condensed OASIS SB Open Season Onramp Cheat Sheet

- Any combination of U.S. Federal Government, U.S. State Government, International Public Sector, and Non-Government/Commercial projects can be submitted.
- Note: A Subcontract under a U.S. Federal or State Government Prime Contract is not considered a “Commercial” project and will be rejected if submitted as a Commercial project.
- Offeror must submit **A MINIMUM OF THREE (3) UP TO A MAXIMUM OF FIVE (5)** distinct Relevant Experience (Primary) Projects
- Each Project must involve the performance and/or integration of **at least Three (3)** out of the Six (6) OASIS Core Disciplines.
 - Program Management Services,
 - Management Consulting Services,
 - Scientific Services,
 - Engineering Services,
 - Logistics Services, and
 - Financial Management Services.
- Each Relevant (Experience) Primary Project must be ongoing or have been completed within the past 5 years. Each project must have at least one year of performance unless one of the following situations exist:
 - The project has a completed CPARS.
 - The project has a completed Award Fee Determination.
 - The project had a base period of performance less than one year and that period of performance is complete.
- The combined annual value of the projects must be equal to or **greater than \$750 Thousand** per year. No Individual Annual Project Value shall be **less than \$150,000** per year.
 - Annual project value for completed projects is determined as follows:
 - total obligated dollars divided by
 - the total number of months of performance multiplied by 12.
 - Annual project value for ongoing projects is determined as follows:
 - total estimated value (inclusive of all option periods) divided by
 - the total number of months of performance (inclusive of all option periods) multiplied by 12.
 - If One (1) of the projects is a “collection of task orders” placed under a Single-Award IDIQ task order contract or Single-Award BPA, each task order will be calculated based on the formulas above.

Basis For Award

Reference Section M.2 Basis for Awards

- The source selection process on OASIS will neither be based on the Lowest Price Technically Acceptable (LPTA) nor Tradeoffs.
- The Highest Technically Rated, Fair and Reasonable Price approach will be used.
- OASIS will consist of 7 MA-IDIQ task order contracts, referred to as Pools. Multiple awards shall be made in each of the 7 Pools. 40 awards are anticipated in each Pool (e.g., 40 multiple awards for Pools 1,2,3,4, and 6) and (20 multiple awards for Pools 5.A. and 20 multiple awards for 5.B.). In the event of a tie at the number 40/20 position (as applicable), all Offerors tied will receive an award in the respective Pool.
